

LEADERSHIP 215 ONLINE STUDIES 2021

Leadership 215 consists of twelve courses developed and taught by Every Nation leaders from around the world. It is focussed on providing students with a minimum theological standards representing who we are and what we believe as a movement. The emphasis of the curriculum is on helping to establish theological foundations for ministers of the Gospel. The curriculum consists of 12 modules which as listed below.

Each Module consists of twelve Sessions. Each Session has several Steps, which typically include recommended reading, a lecture, a brief quiz, reflection questions, and prayer points. The lectures are about one hour long. Modules conclude with additional reflection questions and a brief survey.

Further details can be found on the website: www.leadership215.com

The name “Leadership 215” is based on the following passage: “Do your best to present yourself to God as one approved, a worker who has no need to be ashamed, rightly handling the word of truth.” (2 Timothy 2:15)

Since January 2020 Leadership 215 has been offered as a fully online course. Using Pathwright, a Learner Management System (LMS for short), students complete the 12 modules by listening to 12 videos for each of the 12 modules. There is an option for students to listen to the videos as audio recordings when they are travelling or out of wi-fi range. Students complete a Reflection step where they answer 3 or 4 questions based on the lectures and course notes (which students also download and use to fill in the key words that are highlighted in the videos). There is also a Quiz that is completed for each of the 12 sections in every module to review what is being learnt. A huge benefit of this system is that a local moderator receives all the student submissions and replies to their Reflections, thereby allowing for encouragement, correction or further value to be added.
